Athletic Philosophy

The interscholastic athletic program at Hartland High School is a vital and integral part of the total educational program. Research indicates a student involved in extracurricular activities has a greater chance for success during adulthood.

Many of the character traits required to be successful participants are those that will promote a successful life after high school.

Athletic Physicals-Forms-Fees

Hartland Athletics are collecting all pre-participation forms/fees online through PlanetHS.

Every student athlete and a parent must register through PLANET HS and link accounts in order to complete all of the required forms for participation. This can be done well before your students season starts. Please do not hesitate to create an account and select what sport your student is interested in playing. You should get started even if that sport is not in season. Once you have set up your account it will just need to be updated each season that your student athlete participates in.

Be sure to remember your log-in and password. Creating multiple accounts for the same student athlete creates headaches that only the PlanetHS support team can fix.

Visit this website to get started:

Transportation

Two Way Transportation

This is the traditional method of transportation. Bus(es) pick-up and deliver athletes to their contest and return the athletes to the school.

Take and Drop

The bus takes athletes to their contest and leaves after dropping off athletes. This bus does not return. Families make their own arrangements to get athletes home.

Self Transport

Coaches provide the location and arrival time of the event. Families make their own arrangements for transportation.

Coaches will communicate with you ahead of time about what type of transportation will be provided for each away event.

Tryouts & Playing Time

Tryouts:

The coach's responsibility is to select their "team", a group of players that will work well together, for the good of the everyone, not the individual.

Playing Time (Sub-Varsity):

At the **freshmen and JV levels** we begin to transition from exploration and discovery to developing the cornerstones of success. Playing time will not be as equal as it was at the MS, with those who demonstrate advanced skills and effort earning more playing time. Wins and losses, league standings and championships are not a point of emphasis at any of the sub-varsity levels.

Playing Time (Varsity):

The varsity level is the culmination of the HS athletic experience and playing time may be reserved exclusively for those who demonstrate outstanding skills and effort. While our teams and coaches will not exhibit a "win-at-all-costs" mentality, we are however competing to win at the varsity level.

Parent-Coach Communications

Parental expectations from your son or daughters coach:

1. Philosophy of the coach.
2. Expectations the coach has for the TEAM.
3. Sites and schedules for all practices and competitions.
4. Special team requirements such as: fees, special equipment, off-season conditioning.
5. Procedures should your child be injured during participation
6. Discipline that results in the denial of your child's participation

Parent-Coach Communications

Coaches expectations from parents:

1. Modeling good sportsmanship at all times.
2. Demonstrating respect for the game, officials, and opponents.
3. Direct communication to the coach.
4. Notification of any schedule conflicts well in advance.

Parent-Coach Communications

If you have a concern to discuss with a coach, the procedure you should follow is:

1. Call or email to set up an appointment with coach.
2. Please do not attempt to confront a coach before or after a practice or contest. Meetings of this nature do not promote resolution
3. Please follow the 24 hour rule.

The “Chain of Command” is as follows:

Athlete to Coach
Parent and Athlete to Coach
Parent and Athlete to Athletic Director
